THE Fifty Cent Democrats nominated a professional Anarchist for Governor of Illinois. Thus free silver and destruction go hand in hand.

THE people voted for Free-trade in 1892 and they get free soupspoons. If they vote for free silver in 1896 they will get 50 cent dollars.

A FARMER in Pennsylvania, who was a great advocate of free silver, had saved up \$400 silver dollars and hidden them in his barn. A flash of lightning came along, set his barn on fire, and he found a lump of silver instead of his silver dollars. He sold his lump of silver for \$1,375, and now he is not a free silver man any more. If his money had been gold, it would have been worth just as much after it melted as it was before.

WHAT a charm there is to Democratic coin in the word "Free." In 1892 the farmers were fooled into voting for Free-trade by the promise of \$1.25 wheat. That promise was only half filled, for the farmer's wheat brought only 60 cents. Now the farmer is asked to vote for free silver as the panacea for all public ills. If he does, he will find that this promise, too, will fall of fulfillment, for his free silver dollar will be worth only 50 cents. Maybe the farmer will some day get tired of being fooled by democratic politicians.

JOHN LANGLEY WINS.

Nominated For Congress in the Tenth District—Much Voting.

Hon. John W. Langley was chosen Republican candidate for the Tenth Congressional District by the Republican Convention which convened at Beaverville last Wednesday.

It has been a bitter fight between Langley, who is a successful lawyer and politician of Floyd county, and Rev. Thomas N. Hopkins of Pike county, who was defeated for Congress by 300 votes by Joseph Kendall, and whose election Hopkins is now contesting in Congress.

The final ballot, the twenty-fourth, stood, Langley seventy-six and three one-hundredths and sixths, and Hopkins eighty-eight and fifty-seven one-hundredths and sixths.

DEMOCRATIC LEGACIES.

Kentucky's Empty State Treasury and Idle Penitentiaries—two legacies of the late Democratic Administration—are causing the present state officials to look awake at night in efforts to make the state's penal institutions something like self-sustaining and to prevent as far as possible their decay.

The penitentiaries under past Democratic Administrations have been so mismanaged that they fell behind in the neighborhood of \$100,000 annually, and it was thought that the present Administration, which inaugurated many reforms, would be able to reduce this deficit by at least half.

The old penitentiary, which, however, realized its long feat in the past did not want anything like this, and threw itself in the way of any saving at the Frankfort Prison. A destructive fire stepped in and performed a similar task for the Edwidge Prison, and as a result the state is deriving no income from either.

The prospects are, however, that new contracts will be awarded in the next few days, and the state, for the first time in many years, will be out from under the domination of the penitentiary crowd, which has dictated state politics and controlled Democratic Conventions in the state for so many years past.

The finishing stroke will come with the meeting of the state Legislature, when Governor Bradley, in his message, will recommend that the penal institutions of the state be placed under the control and management of a special Board of Prison Managers.

Captain Steve Jones, aged about 74, an ex-Confederate, a Mexican War veteran and also a member of the Walker Nicaragua expedition, was found dead in his room at St. Louis Saturday morning.

The earnings and expenses of the C. and O. for the month of May have been made public. Gross earnings, \$97,873.88; income, \$16,174.50; expenses, \$81,699.38; increase, \$1,377.98; net earnings, \$271,917.48; increase, \$2,826.75.

Deafness Cannot be Cured
 unless you apply to one who can reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional means. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running ear or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten caused by Deafness is caused by an inflamed condition of the mucous surfaces.

We will cure one Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

ONE KILLED

And Many Seriously Injured in a Cyclone at West Louisville, Ky.,—Considerable Damage to Property.

OWENSONO, Ky., June 28.—Saturday afternoon West Louisville, a village 10 miles west of this city, was visited by a cyclone, damaging the property considerably, killing one person, Miss Pearl Hicks, aged 16 years, daughter of Charles Hicks, and badly injuring Mrs. C. L. Clark. The house of C. L. Clark was completely wrecked.

Miss Hicks was a victim at the home when the cyclone came up. Two daughters of Mr. Clark and a little boy were also in the house, but escaped unhurt. St. Alphonsus's Catholic church at St. Joseph was destroyed. The residence of A. T. Williams was damaged and outbuildings destroyed. Ned Thomas' house was greatly damaged. Dr. J. N. Hovey's stable was blown away.

Dr. Osborne's residence was damaged. Two horses of J. F. Harrell were killed and his house destroyed. G. W. Morgan's residence, two miles from West Louisville, was destroyed. Other damage, the particulars of which have not yet been secured, was done.

This is the second time the cyclone has visited that section. The first occurred March 27, 1896, when the whole town was blown away.

WEIDMAN'S ASSAULTS.

Members of the Cleveland baseball club to be arrested, charged with breach of the peace.

LOUISVILLE, Ky., June 28.—The disgraceful proceedings at the baseball park Friday afternoon caused a great deal of indignation in this city and Dr. Thomas Hunt, steward, president of the Louisville club, Saturday afternoon swore out warrants against every player of the Cleveland club who participated in the game at the Empire Weidman Friday afternoon. They are charged with breach of the peace. Judge R. H. Thompson, of the city court, held a special session after the game Saturday afternoon to try the players implicated. They are likely to be held to the limit in such cases, which is \$20. The players against whom warrants were sworn out are: Burkett, left fielder; McLean, shortstop; Childs, second base; O'Connor, catcher; Telleu, first base; McFar, third base; Blake, right fielder; Curry, pitcher.

MOSES ADAMS, SR.

The Oldest Man in the Mountains of Kentucky, Passed Away at the Age of 100 Years.

WHITENBURG, Ky., June 28.—Sunday Moses Adams, an old man who was known to make a permanent settlement in this county, died at his home on Rock House creek at the age of 100 years. He was born in North Carolina some time in the spring of 1794. For 60 years he was a leading political character in Eastern Kentucky, and was known all over the country as "Rock House Moses." He was well connected, being the first of the Adams family of eastern Kentucky and southwestern Virginia. At the time of his death he was doubtless the oldest man in the mountains, though, in his old age, he was known as "Old Man Adams." His wife, Wm. Craft, has already passed his century mark, and is hale and active as a young man.

The Train Stopped in Time.

FLEMINGSBURG, Ky., June 28.—A double-track train of the Louisville and Nashville road and the morning train from Hillsboro had a narrow escape from plunging into the abyss 40 feet below, but was discovered just in time to stop in safety. Connection with Hillsboro rail will be cut off for a day or two. Great damage was done by washing out of the bridge, crossing.

Drowned Leaving to Swim.

FRANKFORT, Ky., June 28.—Walter Hardy, colored, aged 12, was drowned while bathing in the Kentucky river Sunday afternoon. He was learning to swim, and ventured out where the water was deep, and drowned before help could reach him.

Poisoned by Candy.

CATLETTSBURG, Ky., June 28.—The little daughter of Vaughn Armstrong is dead. Several feet were at first supposed to be the cause, but it is now thought that the child was poisoned by candy called an "all day sucker."

Drowned in the Lake.

CABLES, Ky., June 28.—James E. Berry, a farmer near Park's Ferry, was drowned while attempting to cross Licking river. A wife and five children survived him.

A Veteran's Notice.

LEWISBURG, Ky., June 28.—Robert Gowers, 50 years old, a veteran of the late war, was killed by lightning.

Accolite Falls at Alliance.

ALLIANCE, Ky., June 28.—During a thunder-storm Thomas Richards, residing just outside the city limits, while sitting in his doorway, heard a sudden strange hissing noise, which ended with a loud, heavy thud. When the storm had passed he went out to investigate the cause of the strange noise. Within two feet of the rear wall of the house he found a hole of considerable dimensions, and a six-foot well in depth. After considerable digging he unearthed an accolite weighing about ten pounds. The stone is a dark brown color, and is considered a very fine specimen.

County Jail of First Degree Murder.

PHILADELPHIA, June 28.—The jury in the case of John J. Jones, an actor, on trial for the murder of his address, returned a verdict of guilty of first degree murder. Jones was sentenced to life imprisonment.

A LITTLE HORROR.

Nearly One Hundred Men Entombed in a Coal Shaft.

The Prospects of Saving the Lives of Any of Them is Very Poor.

Among the Victims Are Mayor Lagan and a Number of Minor Officials.

The Disaster is Believed to Have Been Caused by a Cave-In.

WILKESBARR, Pa., June 28.—The little city of Pittston is in mourning as a result of the terrible disaster which has entombed so many lives in Pennsylvania. A large number of her citizens, variously estimated at from eighty to one hundred and twenty-five, are entombed at the bottom of the Twin shaft, owned by the Newton Coal company, and at a late hour Sunday night the disaster occurred. The lives of any of these unfortunate men is exceedingly poor. Among the victims is M. J. Lagan, mayor of Pittston, who was superintendent of the mine. A number of minor officials of the company are also in the pit.

The disaster, which was at first attributed to an explosion of gas, is now believed to have been caused by a general cave-in on the lower levels. It was not until the first of the rock between the fifth and sixth veins was "working," and since that time a large force of men has been at work making measures to insure the safety of the workings. About three o'clock Sunday morning, without warning the roof of the levels in which the men were working collapsed, and a shock which aroused everyone in the town, causing them at first to believe that the disaster had occurred. The truth was soon learned, however, and within two hours thousands of excited people gathered about the head of the shaft, the relatives of the unfortunate men below indulging in the wildest manifestations of grief. The women and children who had lost husbands and fathers were frantic with grief, or what was the condition of the lower levels. The work of rescue was begun as soon as possible, but the first attempts were fruitless. Later a conference of mining officials decided on a more systematic plan, and a large force was put to work, with all necessary appliances to endeavor to reach the imprisoned men. The first four attempts were fruitless, but the fifth, made in the direction of the regular passages and at a late hour Sunday night it was decided to make a gateway from an adjoining colliery.

This will undoubtedly take several days to complete and it is feared that if the cave-in is of the nature of a general collapse, the chances of the unfortunate men being killed by the cave-in will be slowly of starvation.

Nearly all the men in the mine were married, and many of them have families. As stated above, the estimate of the number entombed varies greatly, but the number is certainly not less than eighty.

ALL BOSH.

The Talk of Gold Men Hoarding Silver Delegates to the Chicago Convention.

CHICAGO, June 28.—Hugh C. Wallace, delegate-at-large, from the state of Illinois, and a member of the Democratic national committee, who arrived Sunday from New York, where he has been in conference with Mr. Whitney and other delegates, expressed the opinion that there will be a host of strong, earnest Democrats from the West, but that the attempt to force the issue will be a failure.

"The talk of gold men coming to Chicago to buy silver delegates is all talk. There is no attempt to force the issue, nor will there be any means used. There will be a host of strong, earnest Democrats from the West, but that the attempt to force the issue will be a failure."

There are those who believe that the silver leaders from party suicide. They will show the country the adoption of a 16 to 1 platform by the convention will mean annihilation of the emergency of New York, Connecticut and Nevada. There are those who believe that these states have been the bulwarks of democracy in the past and are essential in the future. Should the convention adopt a 16 to 1 platform and nominate a silver candidate, it will not be 30 days before the issue is clearly defined and reduced to plain war, with the result that the country will be arrayed against that candidate whose election means panic. No party has ever succeeded with the business interests against it. It is a long time between now and election and the wage-earners of the country will have abundant opportunity to elect whether their wages shall be paid in fifty-cent dollars.

Fire Men Sentenced to Death.

PALM, Tex., June 27.—In the federal court Saturday five men were sentenced to be hanged Friday, September 1, for the murder of the fireman of Robert McCabe, in the Chickasaw nation, June 18, 1894; Taylor Hickman and Paul Aggrieve in the thirty boat on Red river, November 18, 1895.

Aeroplanes Fall from the Skies.

GRAND RAPIDS, Mich., June 28.—Andrew Cole, an aeronaut who has been flying for some time, was seen to fall from the sky Sunday afternoon and died from the effects of his injuries Sunday evening. The wind was blowing quite hard from the west and hurried his balloon against the corner of a building, dragging him from his trapeze. He fell 30 feet, striking his head and shoulders, breaking his neck.

FATAL FIRE.

One Killed and Two Men Dying at the City Hospital.

Several Others Injured by Falling Walls of an Augusta Mill.

The Dead Man Was Driven For the Superintendent of Fire Alarm—The Injured Men Were Taken to the City Hospital.

ACQUITA, Ga., June 28.—One man dead and two dying at the city hospital, with several others injured, is the result of a fire which destroyed Miller & Co.'s mill on Twigg street Monday morning. The loss by the fire is probably \$40,000; insurance, \$15,000.

When discovered at 1:45 a. m., the mill was on fire in the third story of the main building, an eight-story structure with wooden frame work. The flames spread with great rapidity and while several firemen were working on a ladder, one of the beams gave way, this causing the casualties.

The dead: Aaron Norton, colored, driver or Superintendent of Fire Alarm J. B. Platt.

Injured: Mike Riley, black and ladder track can not recover; (Gabe Walters, colored, can not recover; Fredrick can not recover.

Ben Weasley, Engine Company No. 1, leg broken, head cut.

Henry J. Hale, ladderman on hook and ladder, head cut.

Ben Pfeiffer, engineer, head cut. The origin of the fire is unknown.

NOTIFICATION COMMITTEE.

They Will Be in Canton Monday and Will Distribute McKimley's Letter of Acceptance.

CANTON, O., June 28.—The city of Canton has witnessed a good many demonstrations of an enthusiastic nature since Maj. McKimley was nominated and there have been thousands of strangers visiting the city. All the demonstrations and visitors up to this time, however, have been of a nonpolitical, if not informal character. Monday, the day of the notification committee, composed of one member from each state and territory, selected by the Democratic committee at St. Louis for the purpose of conveying to the candidate of the notice of his nomination, will be an affair of significance and importance than the coming of all the other visitors and delegations which McKimley has received.

The chairman of the committee, Senator John M. Thurston, of Nebraska, will be the spokesman for the committee Monday. (For Mackinley's reply to Senator Thurston will be scanned with interest. It will not be long and he will not at this time attempt to discuss the subject of the elaborate way the dominant issues of the campaign.

Nothing in the way of an extensive formal interview may be expected until he publishes his letter of acceptance, which will be in a month or six weeks.

McKimley's letter of acceptance, dated of his official notification and the publication of his official acceptance of the nomination.

Maj. McKimley is not disposed to depart from custom in the matter. He knows there is an abundance of time before the election in November for the discussion of all political questions of moment and he does not wish the campaign to become too soon and too rigorous.

TOBACCO MONOPOLY.

Spanish Chamber of Deputies Adopts a Bill Forfeiting the Government to Revoke \$100,000,000.

LONDON, June 28.—The Standard Madrid publishes a dispatch from Madrid saying that the chamber of deputies has unanimously adopted a bill enabling the government to revoke the sum of \$100,000,000 on the security of the tobacco monopoly, the money to be available for war expenses during the parliamentary recess.

The bill provides that the government has completed arrangements for the use of 20 trans-Atlantic steamships during the month of August to transport 40,000 reinforcements and 60,000 Mauer rifles to Cuba, and also a number of heavy guns to be mounted in the forts at Havana and other parts of the island.

Will Permit no Bulldozing.

CHICAGO, June 28.—There is trouble in store for the Cleveland ballplayers if they attempt any rowdyism in this city during the series of four games beginning Monday. President Hart left Sunday night for Pittsburgh to attend a meeting of the board of directors of the league, and left orders with Treasurer Brown for an extra detail of police. Should any of the players be caught by the spiders they will be placed under arrest at once and treated as they were in Louisville.

Killed in Revenge. St. Louis, June 28.—A special from St. Louis, Mo., says: Eugene Lee, a ranchman, living south of here, killed his brother and sister-in-law three years ago and died the consequence. His name was heard from him until two days ago, when he returned to the scene of his crime. Before he could be arrested he was met by brothers of the murdered woman and shot to death.

New Diplomatic Row.

WASHINGTON, June 28.—New diplomatic representatives of Japan and the Argentine Republic were formally received by the president Saturday and duly recognized in their official capacity.

Breaks Church Windows.

BRADFORD JUNCTION, O., June 28.—Jim and Charles Muck and M. Smith were fined \$50 and sentenced to 30 days in jail for breaking windows in the Methodist church.

Official Cholera Statistics.

CAIRO, June 28.—The official cholera statistics show that during the week there were 1,231 new cases of the disease reported and 1,011 deaths.

GEOLOGICAL SURVEY.

The Director Makes His Report on the Total Value of the Mineral Products of the United States.

WASHINGTON, June 28.—According to official statistics just issued by the director of the geological survey the total value of the mineral products of the United States for 1900 increased over \$80,000,000 beyond the value for 1899, or from \$337,598,394 to \$417,598,394.

This increase is considered a long step towards recovery from the depression to which the mineral industry like all others has been subjected.

While the coal price is great, it is much steeper in spite of the extra demand for it in order to produce an extra supply of electricity.

Another noticeable feature will be the profitable producing districts in the Appalachian range. Nature gas showed a decline, the pressure decreasing in all the fields, thereby shortening the life of each well and greatly reducing the production, especially in Pennsylvania.

Almost all the remaining minerals show substantial improvement.

PRESIDENT CLEVELAND.

Will Probably Leave for Gray Gables Tuesday Where He Will Remain During the Summer.

WASHINGTON, June 28.—Unless something new entirely unforeseen should happen to change his plans there is probably no probability of the president leaving here Tuesday morning next for Gray Gables, where he will remain for the summer, should not the present tenor of events be disturbed by complications not now expected from any quarter. The coming week is likely also to witness the general departure of cabinet officers, whose personal presence in Washington is not regarded by them as absolutely necessary during the coming period of mid-summer heat and stagnation.

Friday, June 28.—The city of Canton has witnessed a good many demonstrations of an enthusiastic nature since Maj. McKimley was nominated and there have been thousands of strangers visiting the city. All the demonstrations and visitors up to this time, however, have been of a nonpolitical, if not informal character. Monday, the day of the notification committee, composed of one member from each state and territory, selected by the Democratic committee at St. Louis for the purpose of conveying to the candidate of the notice of his nomination, will be an affair of significance and importance than the coming of all the other visitors and delegations which McKimley has received.

The chairman of the committee, Senator John M. Thurston, of Nebraska, will be the spokesman for the committee Monday. (For Mackinley's reply to Senator Thurston will be scanned with interest. It will not be long and he will not at this time attempt to discuss the subject of the elaborate way the dominant issues of the campaign.

Nothing in the way of an extensive formal interview may be expected until he publishes his letter of acceptance, which will be in a month or six weeks.

McKimley's letter of acceptance, dated of his official notification and the publication of his official acceptance of the nomination.

Maj. McKimley is not disposed to depart from custom in the matter. He knows there is an abundance of time before the election in November for the discussion of all political questions of moment and he does not wish the campaign to become too soon and too rigorous.
